

Tom Spinks

Co-author, *Prepare to Be a Millionaire*

Tom Spinks was a natural-born visionary who strongly believed that there is an entrepreneur in everyone. During his lifetime, he started up, made successful, and sold four national companies in four different industries. But his dream was to design a publication like no other that would provide individuals with concrete answers about how to create and grow successful businesses. His *Millionaire Blueprints* magazine, featuring step-by-step “blueprints” of how self-made millionaires worldwide achieved their wealth, made its wildly successful national debut in April 2005. Spinks was born on October 29, 1948, in Lake Charles, Louisiana. After a short battle with cancer, he passed away on August 26, 2007. He realized his own dreams through *Millionaire Blueprints* and *Prepare To Be A Millionaire*. His work has taught entrepreneurs around the world that no dream is impossible.
